Process

– You are a **new family** and you want to register a child (no sibling is already studying in one of the French schools):

Please create a parent's account (one for each parent) on Eduka [here](#). Once it is done, you need to fill in the child's file. The file will be processed by the selected school (choice n°1).

It is an online process and you will receive a reply by email. Please check your spam frequently in order not to miss any information.

A 2-steps registration :

1. Create a file on the shared Eduka platform : when the file is completed and submitted, you will receive an email to invite you to continue the enrolment on the school's platform Eduka (school choice n°1).
2. Fill in additional information on the school's platform: the file will be processed by the school and you will obtain the final decision regarding the enrolment.

– You want to register a child and **one sibling is already registered in the Lycée Louis Massignon**:

Log onto your Eduka account : [Lycée Louis Massignon](#)

Add a child to your family Eduka account, fill in the file and submit it. The file will be processed by the Lycée Louis Massignon and you will obtain the final decision regarding the enrolment.

Transfer request from one French school to another in Abu Dhabi :

The request must be done on the shared Eduka platform (LTM/LLM): <https://pre.lyceesfrancaisabudhabi.com/>
Schools will meet on April 13th and June 8th to study the requests and decide according to available places.

No transfer request will be studied if the secretary of your child's present school is not informed of the ongoing procedure.

Do you need help ?
