for contacts:

Tel: 0505996084 / email: asmae.bouraga@louismassignon.com / Website: <http://www.llm.ae/>

the people in charge of this procedure on behalf of the Contracting authority are:

Ms. Asmae BOURAGA, Local Project Manager, email: asmae.bouraga@louismassignon.com

Mr. Manuel CHAIGNEAU, Project Manager, email: manuel.chaigneau@diplomatie.gouv.fr

2. PROJECT:

2.1 Scope of works:

The project consists in placing metallic grids (717m² of steel grating shading elements like Louver Grating by Lionweld Meiser L.L.C or an equivalent product) in the canopy's voids to optimize shading for the outdoor spaces.

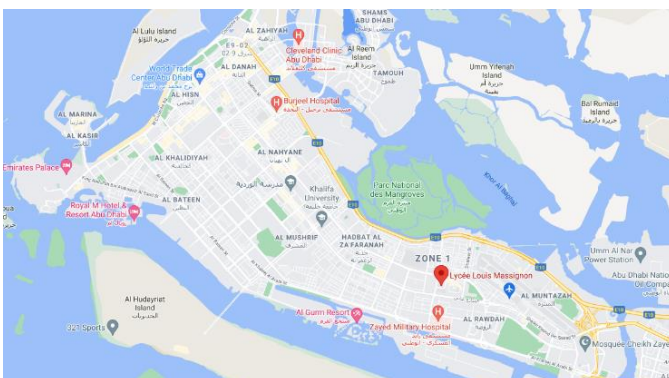

The canopy is a steel structure constructed in 2019 during the kindergarten extension.

The contractor is expected to carry an assessment based on the as built documents provided to confirm the feasibility of the project from a structural perspective.

It is relevant to mention that the initial structure was designed by MEMAAR BUILDING SYSTEMS. Their contact information is the following:

sales@lms.ae / www.mbs.ae / 0097165149999

Location plans :

2.2 Budget for the project:

This projected estimate must allow carrying out the whole scope including the structural assessment, material supply, transportation, site fixation.

2.3 Schedule for the project:

The projected schedule includes:

- Issuance of the request for proposal: February 7th 2022
- Site visit: February 14th 2022
- Proposal submission: February 28th 2022
- Negotiation and selection of the winner: March 14th 2022
- Construction period is estimated at 3 weeks to 1 months (Starting from June 27th 2022)

3. PROCEDURE:

3.1 Type of procedure:

Open procedure available on the school's website. The client will choose the contractor based on: the financial offer (60%) and the technical offer (40%).

The client should appoint one contractor after analysis and negotiation of the proposal.

3.2 Documents transmitted by the client for this procedure:

- PRESENT CALL FOR TENDER
- SCOPE OF THE PROJECT
- TECHNICAL SPECIFICATIONS
- DRAWINGS
- BILL OF QUANTITIES
- WORKS CONTRACT

These documents shall only be used to submit the required bid. They remain the client property and their use remain at its discretion.

3.3 Documents to be submitted by the candidates:

Each candidate must produce the following documents:

- The bill of quantities
- The signed works contract
- References of similar projects
- List of eventual subcontractors

4. MISCELLANEOUS INFORMATION:

4.1 Language:

English will be used for the development of this project. The contracts will be translated to French by the client.

4.2 Jurisdiction:

The competent courts for this project will be the local jurisdiction.

4.3 Mode and date of transmission:

The contractors willing to submit a proposal for this project shall send an email to the local Project Manager Ms. Asmae BOURAGA, **before Thursday February 10th 2022 at 6pm**, requiring full documentation related to this call for tender.
